

Brian Cavuto

Brian holds a Bachelor of Science Degree in Business Administration from The University of Phoenix and a Master of Business Administration (MBA) degree from Western Governors University. He is a former Marine and Iraq war veteran. After working as a contractor for the Marine Corps in Iraq, Brian began working for the Department of Aging and Disability Services (DADS), now Texas Health and Human Services Commission (HHSC) in 2008. He currently serves as a Senior Advisor for Long-term Care Regulation at HHSC. Apart from his time in the armed service and overseas, Brian has been a resident of Central Texas for most of his life. He is a Leander/Cedar Park Youth League (LCPYL) alum and currently has a daughter playing her first year of softball on the 6U All Star team, The Fireballs.

Brian is motivated to serve after watching the dramatic impact softball has had on his daughter Ryan. He is eager to share how his daughter immediately took to the game with other local youths and families in hopes expanding the softball program at CPYL to give other local kids an opportunity to fall in love with the game of softball the way Ryan did.

Additionally, Brian hopes to make CPYL a dominate and competitive force in youth softball much the way other local softball only associations are in neighboring areas. With high school softball powerhouses in such close proximity to CPYL, we should play a major role in developing these young athletes for the next level.
