

Esther Schneider

Hi, Cedar Park Little League community. My name is Esther Schneider. I have lived in the CP/Leander surrounding area for 20 years. Softball has always been a passion of mine, I played in High School and played in adult rec leagues throughout the years.

I believe that team sports are essential for the success of our girls today and future generations. Team sports like softball teach so many valuable lessons such as teamwork, self-confidence, sportsmanship, hard work, collaboration to name a few of the key lessons. Our kids have played at CPYL since 2018 and they have love softball and baseball. I have coached/assisted coached in softball for a few years and it's one of the most gratifying volunteer positions I have ever had the privilege of participating in. I lead a GS Troop through 6th grade and we learned a lot so and finished elementary as a Troop. Hence, I am not a stranger to long-term commitments. I believe that CPYL has the potential and community reach to continue to grow the softball program. I would like to part of the team that helps grow the CPYL softball program. Your consideration for a board position would be greatly appreciated.
