

John Dean

Experience

1+year coaching baseball

7+years coaching football and wrestling.

Operated Restaurants for 15 years

Sales lead in furniture store

I work in the Medicare and life insurance field for the last year.

No matter what our job is to make sure the kids learn not just about the sport they are playing but how to be better people when they grow up. That is why I teach respect and responsibility on every field Ive ever coached.

What I bring is a strong work ethic, people person, experience with committee volunteering, understanding of concessions, and my wife volunteers me to fix things for people as I have worked as a general contractor.

I love coaching and giving these kids a place to have fun. If that combined with what skills I can bring would be helpful to CPYL I would be happy to help in any capacity.
