

Sara Nonnemacher

Hi, my name is Sara. I joined the Cedar Park Youth League board in the Summer of 2019 as the softball assistant softball commissioner. In 2020, I became softball commissioner. While being on the board I have focused on growing the softball program at Cedar Park, making it a positive experience for all the girls no matter their level of softball, and listening to feedback from the coaches and parents in order to make the program even better. I believe youth sports are a very important aspect in a child's lives as it teaches children so much from physical skills to social skills.

My daughter has been playing at Cedar Park Youth League since she has been in 6U, played all-starts every year, and she now in her second year in 10U. While being at CPYL we have met such wonderful people and have made some lifelong friends.

We as a family love being a part of the Cedar Park Youth League family, I have had such a great experience being on the board and can't wait to continue to serve Cedar Park Youth League.
